About

I haven't always known what I've wanted to do with my life. I've been all around Vermont and it's different college campuses, struggling to find something I truly enjoyed, but throughout my time, I've learned that there has always been a constant: a need to create. I try to take all of my experience and combine them, finding new and unique approaches to not just express myself, but to set myself apart as a designer.

Experience

Content Lab President

August 2024 - Present

VTSU Castleton

- Collaborated with clients and peers to develop meaningful branding, products, and advertising.
- Led projects, managing timelines and production workflows
