Traditional Chocolate Babka

Prep Time: 15 Hours

Bake Time: 30 Minutes

Total Time: 16 Hours

Instructions

1. Add water, yeast and 1 tablespoon sugar to a small bowl or mug and mix. Let it proof until foamy (~5 minutes)
2. In a large mixing bowl, add flour, sugar, and salt. Mix until incorporated.

5. Oil a large bowl and set dough inside, covering with plastic wrap and placing the fridge overnight.
6. Divide the dough in 2 equal parts. Either prepare 2 loaf pans by greasing and lightly flouring, or set aside one part in the freezer until ready to make. (Note: filling and simple syrup is made for one loaf, double if making both)
7. In a pot, melt chocolate and butter together. Once fully melted, add powdered sugar, cocoa powder, and a pinch of salt.
8. Roll dough out into a square about 1/2 inch thick. Spread chocolate mixture, leaving a bit of room around the edges.
9. Brush top of dough with a bit of water, then roll. The water should the dough adhere to itself once rolled.
10. Put the rolled up dough into the fridge for around 10 minutes to allow it to firm up. Then, cut in half lengthwise.
11. Take an end of the 2 rolls and pinch them together. Fold them over each other, creating a braided pattern. Pinch the other end once done, and place in pan. Cover with a damp towel for 1 1/2 - 2 hours.
12. Preheat oven to 375°F and place bread in oven for around 25 - 30 minutes, or until an inserted toothpick comes out clean.

Lemon Blueberry Scones

Prep Time: 30 Minutes

Bake Time: 25 Minutes

Total Time: 1 Hour

Instructions

1. Add flour, sugar, lemon zest, baking powder, and salt into a bowl and mix. Then, grate butter into mixture. This is easier if the butter is frozen. The pieces should be about pea size, though not needed, as they tend to break up when mixing in,
2. In a separate bowl, mix heavy cream, egg, and vanilla extract. Mix into flour mixture. Do not add any extra flour or heavy cream here.
3. Add blueberries in. This should moisten up the dough, and if the dough gets too moist, add flour.
4. Flour your countertop, then pour dough out onto it. If the dough is still too sticky, add more flour, and if it's too dry, add heavy cream. The end goal should be a disk about 8 inches in diameter. Cut dough into 8 equal wedges.
5. Place wedges on plate, and brush with heavy cream, sprinkle with sugar, and then place in fridge for 15 minutes. Preheat oven to 400°F.
6. Cover a large baking sheet with parchment paper and place each scone roughly 2-3 inches apart if possible. Place in the oven for 25 minutes, or until golden brown on the edges and slightly brown on top.
7. While baking, whisk together powdered sugar and lemon juice.
